New Plan Changes

Effective January 1, 2025

1. Added a \$2,000 per person calendar year maximum out-of-pocket (CY MOOP). The CY MOOP will apply to specialty and non-specialty drugs.
2. Increased the non-preferred brand copays from \$30 to \$40 for a 30-day supply. A 90-day supply will continue to be two times the 30-day copay at a participating pharmacy.
3. Changed the out-of-network non-specialty member cost share to a 20% coinsurance.

Your privacy is important to us. SilverScript employees are trained regarding the appropriate way to handle your private health information. The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

Network (Participating) Pharmacies

More than 68,000 pharmacies nationwide make up the pharmacy network. These include retail, mail service, long-term care, home infusion, and Indian Health and Indian Tribal pharmacies. Use the pharmacy locator feature on **Caremark.com** or the mobile app to locate a network pharmacy near you. You must use a network pharmacy in order to receive full benefit coverage on your prescriptions. If your pharmacy is not in our network, please contact SilverScript Customer Care.

The Mail Order Program is voluntary, convenient, and affordable. To start mail order and fill your prescriptions through the Mail Pharmacy, contact SilverScript at **1-877-878-5175**. **Note:** The Mail Pharmacy does not have the capability to bill more than one insurance plan and thus, unable to coordinate benefits.

Out of Network (Non-Participating) Pharmacies

If you fill your prescription at a non-participating pharmacy (while traveling for example), you are responsible for paying the full cost of the drug at the time of purchase and reimbursement will be limited to the eligible charge less the out-of-network cost share. A member request for claim reimbursement must be submitted to SilverScript within one year from the date of purchase. A claim can be submitted online through **Caremark.com** or the mobile app. To submit a paper claim, go to **Caremark.com/portal/asset/paperclaim_std_eng.pdf** to download the form or request one at **1-877-878-5715**.

Specialty Medications

Specialty medications are high-cost medications used to treat complex, chronic conditions like cancer, autoimmune diseases like rheumatoid arthritis or multiple sclerosis (MS), or rare diseases such as hemophilia. In general, specialty drugs taken at home and self-administered (either orally or by injection) that are filled by a pharmacy are covered under your prescription drug benefit. Specialty drugs administered by a health care provider and dispensed onsite (e.g., a doctor's office or outpatient treatment center) are generally covered under your medical benefit. Your doctor determines whether they have the specialty product to dispense and where the claim is submitted, so provide both your medical and pharmacy cards to your provider to ensure coverage. **Note:** There is no coordination of benefits between the EUTF medical and prescription drug plans.

Receive your Explanation of Benefits (EOB) online

Opt in to go paperless and you will receive an email when your new statement is ready to view, instead of receiving a paper copy in the mail.

- View up to 36 months of your EOBs, organized by date in one location
- Reduce clutter by downloading and printing only the statements you need
- Keep your prescription information secure – no shredding necessary

To get started, visit **Caremark.com** to register and set your account profile preferences to paperless EOB's. You can opt out at any time. If you have dual coverage and have questions as to how Medicare Part D coordinates with other benefits, contact SilverScript Customer Care.

SilverScript Insurance Company complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
